Organic virginia type kernels blanched specification

Grade

Country of origin: China

Count/Oz.	Count/100g	Uniform in size
21/25	74-88	10-12
25/27	88-95	12-13
25/29	88-102	12-14
29/33	102-116	14-16
35/39	124-138	15-19
39/43	138-152	18-22

Defects and aflatoxin

Ingredients	100% peanut
Skin Residue: Skin residue >25%: Skin residue > 50%: Low temperature for drying, 2 nd time drying for materials is not acceptable in principle.	3% max 0.5% max.
Minor defected kernels:	1.5% max.
Damaged Kernels:	0.5%
Immature Kernels:	1% max.
Brown Spots after roast test:	2% max.
Foreign matters (free from glasses, metals and stones)	0.01% max.
Moisture:	5.5% max.
Splits:	30% max
Aflatoxin B1	<2PPB
Aflatoxin B1+B2+G1+G2	<4PPB

Sensoric

appearance	texture	odor	taste
Long shaped, Characteristic creamy to brownish color.	Normal, firm, firm to the bite.	Fresh peanut flavor without flat, stale, rancid or foreign odors.	Fresh, typical, aromatic, no off-taste, not rancid.

Latest update: 01/09/2021

Physical-chemical Parameter

Peroxide Value	5.0 meq/kg Max.
Free Fatty Acid	Less than or equal to 1.0%
	Max. mg/kg
Lead (Pb)	<0.2
Cadmium (Cd)	<0.2
Pesticides	As per EU Regulation

Allergens table

Allergens: When purchased in bulk size original packaging, manufacturer allergen policy will apply. When purchased in quantities that need re-packaging, our allergen policies will apply.							
Component	Manufacturer			Nuts in Bulk (Applies when bought in small quantities that need re-packaging)			
	In Product	Processed in Same Equipment	Handled on Site	In Product	Processed in Same Equipment	Handled on Site	
Cereals containing GLUTEN and products thereof	NO	NO	No	NO	No	YES

LUPIN seeds or derivatives	No	No	No	No	No	No	

Qualification of Suppliers:

The suppliers have to be BRC, ISO and/or HACCP certified and have good experience for exporting to EU for more than 5 years. Organic product supplier must have organic certificate.

Equipment for processing and admixture-removing:

The goods have to be processed by color Sortex, X-ray machine and Metal-detector to ensure no glass, no stones and no metals.

Hand selection by well-trained employees under adequate lightening is required to remove undesired, imperfect kernels/admixtures.

Packing:

Goods are packed in 25kg P.P vacuum inner bags with plastic woven outer bags, or 950kg big bags.

Latest update: 01/09/2021

All packing materials must meet the standards of EU. This needs to be proven with a packaging migration test.

Outer packing has to be new poly woven bags and the knitting density factor should be 67g and up per square meter, the inner packing is vacuumed without putting oxygen absorber.

Shipping mark:

The suppliers are not allowed to put their own communications and websites on the Packing/labels. Only name of the commodity, size, production date, import country, lot no. and best before date are allowed to be stated on labels, or just use CIQ labels. Special shipping mark, if needed, will be informed otherwise.

Storage:

The goods has to be stored in dry conditions, clean, without any off-flavor, without pest.

From April till October, the goods must be stored into cold warehouse with temperature between 5 to 12 °C.

Fumigation:

Not allowed.

Container examine and loading:

Container should be strictly examined before loading to ensure no rust trace, no off odor, no contaminations etc. people should be present in the whole course of container loading so that to avoid the enter of rats. Night loading is not allowed for live worm/insect flying in. No loading is allowed without sufficient water proof cover in rainy days. All 6 sides of containers should be put with card boards.

Vessel booking requirements:

Vessel is requested in principle with 14 days of free demurrages and containers detention. The shipping company need to promise ETA before shipment. In case of transshipment, the supplier need to inform the buyer in advance how long time it will need for transshipment.

Test report

For each lot of peanuts shipped, the supplier should provide test report stating the major quality specifications including best before date.

GMO & NON-Irradiation:

No GMO according 1829/2003 and 1830/2003

Supplier declares that the products supplied to Hebei Cofco is free from GMO's and not treated with ionized radiation.

Shelf life

18 months from processing date in its original packaging, in cold storage under 12°C..

Shipping documents sending

The supplier is requested to send the relative shipping documents to the buyers or present to the collecting bank (according to the contract) within 2 weeks after B/L date, especially for goods to UK. Delay in sending documents might cause extra port charges, if any, should be for the supplier's account.
